

Angel Road Infant Newsletter

19.07.2019

In this final newsletter of the year I would like to thank all the children, families and staff who have supported the school whilst I have been Head teacher at Angel Road.

I would like to specifically mention the very talented and committed members of staff who are also leaving Angel Road at the end of this term. We have been fortunate to be able to significantly increase the staff team in recent years but, as funding has fallen, staffing reductions were inevitable. The Children's Centre has also undergone significant changes.

The school already have plans to work hard to maximise links with the new Early Childhood and Family Service.

I am sure you join me in wishing all departing staff from both the school and the Children's Centre the very best for the future.

Angel Road has many strengths and the range of events that staff have put additional time into in recent weeks capture the great opportunities we provide for the children.

Trips, sports activities, music and performances all form such an important part of our children's development.

We are also extremely proud of the progress children make in English and maths.

Our statutory assessments this year represent children making very good progress in many areas. Also the quality of teaching in school received recent recognition in an external audit. There is always more to do but I am sure that the team at Angel Road will continue to reflect on and improve practise.

The development of the Pavilion into a nursery within the Children's Centre building is a great opportunity for the school and will lead to longer term success for our children.

I am sure that our partnership with Evolution will also provide effective support for the school and help to bring about long term stability and improvement.

I wish everyone involved with Angel Road a happy and healthy future.

Best wishes,

Mr Read.

Dates for your Diary
